Different look, Same attitude!

### THE "OTHER" GIRL ISN'T THE CAUSE OF BLACK WOMEN'S DATING CHALLENGES, SHE'S THE COMPETITION!

There's a battle brewing for the hearts of black men, who will win? The answers are broken down between the pages of this how-to guide in 5 basic steps. Without apology or pulling punches, Small reveals to single sisters everywhere why the "other" girl is making sweet love to the brothers who should be their boyfriends, while 47% of black women will never wear a wedding dress.

Using what she calls the FIVE B'S for Becoming a Better Black Woman, Small rescues single sisters from dating doom by outlining the emotional and psychological challenges that they must overcome to be at their best. Like the strictest drill sergeant or tough love sister-friend, the author coaches black women on how to:

- \* overcome angry black woman BIAS
- \* fight BRAINWASHING doctrines
- \* Maximize BEAUTY as a strategic asset
- \* release and unload emotional BAGGAGE
- \* be BETTER mentally, physically and emotionally

Best described as a relationship boot-camp guide for black women, DON'T LET THE WHITE GIRL WIN is written in a style that is equal parts as funny as it is infuriating. Although unconventional and irreverent, the book succeeds in giving black women the one thing they need: strategies for winning at love, life and everything in between.
