Calypso - Harry Starke Book 8 Murder and Mayhem in the U.S. Virgin Islands It was one of those beautiful, balmy days on Calypso Key in the US Virgin Islands. The sky was blue and a cool breeze was blowing in off the ocean as Harry and Amanda took their vows. All of their friends were there and all was well with the world... and then the sky fell. Harry draws the line at getting involved when the death of one of his father's friends intrudes upon his wedding day, until he finds out he owes the girl's father a debt he can never repay. And so he is dragged into an investigation of not just one murder, but two and the wealthiest, most dysfunctional family he's ever met. The cast of characters includes a former Navy Seal now a butler a man up to his eyes in shady financial dealings, and the woman at the heart of it all, who was pushed to her death from a third-story balcony. Harry clears a few hours to enjoy the good life on Calypso Key, but as for the investigation... well, we all know that when Harry's involved, nothing is ever quite what it seems.
